

Porrello Project

Ticket Request Guidelines

The Porrello Project was founded by Joey Porrello, in conjunction with ALS of Nevada after he was diagnosed with ALS at 28 years old. A desire to sustain hope, build community, and serve others guide the efforts of the Porrello Project. Joey's mission is simple: to "improve the experience of living with ALS for those that have been diagnosed and their loved ones."

What we can provide:

- weekday Vegas nightly shows
- AEG Presents events
- Helicopter rides down the Las Vegas Strip

While we will do everything in our power to receive tickets, there is no guarantee a request will be approved.

Eligibility includes:

- ALS diagnosis
- Reside within Nevada
- Up to \$500 in "Porrello Project Experience Dollars" per 6 month period, per family
- Minimum of 60 days' notice prior to event

When a ticket request is granted ALS of Nevada and the Porrello Project requires:

- A photo of you and your guests enjoying the event
- A testimonial of the experience for our website and/or social media

ALS of Nevada reserves the right to use the photo or testimonial on ALS of Nevada's social media and/or website, as well as anywhere else deemed necessary to promote the organization and the Porrello Project.
